

# Curriculum

Curriculum is an important part of an Early Education program. It is the basis for developing an effective, developmentally appropriate educational program that includes teaching in all areas, vital to the growth and development of our children.

We will use a curriculum that will incorporate hands-on activities with topical and academic subjects, character traits and social skills.

We will introduce these concepts through learning centers, circle time, teacher directed activities, indoor and outdoor play.

Our curriculum is designed to meet the needs of each child's developmental potential by introducing, reinforcing and reviewing skills and concepts.

"... and a little child shall lead them"

Isaiah 11:6

# Philosophy

Shepherd Center is a Christ centered Preschool and Day Care. We seek to nurture your child in a loving and Christian environment, and believe that every child deserves to learn and grow at his or her individual rate of understanding and ability. We are an outreach to the community through Shepherd of the Hills Lutheran Church. Your child will learn God's love for them from the teachers and staff, through bible stories, songs and daily prayers.

Our program is designed to allow each child to be a creative problem solver and have freedom within boundaries of self discipline and acceptable social behavior. A stimulating, appropriate curriculum will be provided for your child to experience, learn from and enjoy.

**"Blessed are the peacemakers"**
